

# Agustin Gabriel Taborelli - *Senior Product Designer (UX/UI)*

## Bachelor's Degree in Multimedia Design & Interaction

Senior Product Designer with 6+ years of end-to-end experience across diverse industries — fintech, media, energy, logistics and security. I adapt quickly to new business contexts, lead projects from definition to delivery, and bring a detail-oriented approach to scalable design systems. I focus on connecting user needs with product logic, integrating research, strategy and functional design. Currently seeking a Senior or Lead role combining high-level execution with strategic direction.

### Work Experience

#### Sep 2025 - Present ROMBIT/ SR. Product Designer

Responsible for designing and shipping new product features for teams in Argentina and Belgium, with a focus on business impact and user experience.

- Redesigned key dashboards to close the gap between users and platform, improving precision and value of delivered features.
- Lead end-to-end solutions with international teams (ARG/BEL), facilitating alignment between product, development and business.
- Manage and mentor the team on DS usage, defining criteria and continuous improvements.

#### Mar 2024 - Sep 2025 BANCO DEL SOL/ SR. Product Designer/OPS

Led the design, development and new feature rollout for the Business Banking portal, OPS reference.

- Led the Design System refactor introducing flexible components that reduced design time and minimized detach across the team.
- Designed core features for the Business Banking portal: payments, investments, Echeqs, direct debit, among others.
- Mentored team members and produced documentation to optimize design team processes.
- Actively participated in discovery and product definition, aligning business and user needs with stakeholders.

#### Dec 2022 - Mar 2024 LA NACION/ SR. UX/UI Designer

UX/UI design lead for the development of the product "LN App"

- Designed and evolved LN App features from discovery to delivery, in collaboration with Product and Business.
- Led the Design System refactor improving team efficiency and consistency.

#### Mar 2022 - Dec 2022 NTTDATA/ Ssr. UX/UI Designer

UX/UI Designer within the Digital Experience team for YPF

- Designed digital products (web and app) for YPF, creating UI Kits, flows and prototypes validated with users.
- Coordinated with development teams to ensure implementation fidelity.
